

## Crop Failure

(Continued from Page 1)

government applied to federal authorities to have approximately 1,800 townships declared a crop failure area under the PFAA. The regulations a crop failure area constitutes a total of 111 Saskatchewan townships where the average wheat yield per acre is five or fewer bushels as a result of anything but hail.

In announcing the provincial government's initiative, agriculture minister L. F. McLeish said that if the Dominion Board of Review accepted the provincial government's initiative, the farmer in the area would receive from May 1 to Nov. 1, 1945 \$200 as assistance.

Mr. McLeish said that should a farmer's wheat crop be large he would receive not more than \$250 an acre with respect to hail the cultivated area of the land. Payment in this case would be for 200 or fewer acres.

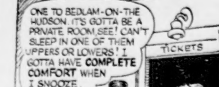

THE 1945 DROUGHT resulted in more than half Saskatchewan applying for aid under the PFAA. Poor crops were harvested in more than 1,800 townships—50 per cent of the total area of the province—much more than half the cultivated acreage.

## Bidault Marries

Aide to Secretary

PARIS, Dec. 28.—(AP)—Foreign Minister Georges Bidault married his assistant chief secretary yesterday. Secretaries, Georges Bidault, 41, France's only war cabinet diplomat, had to have the permission of the foreign minister to wed. But M. Bidault readily smoothed the way. He went on a "honeymoon" vacation—first to the French Riviera, then to the Pyrenees. Foreign minister signed the necessary papers.

ONE TO BEALON-ON-THE-HUDSON. IT'S GOTTA BE A PRIVATE ROOM. THE LADY'S IN THE MIDDLE. SHE'S GOTTA HAVE A COMPLETE COMFORT WHEN I SNOOTZE.

WIN SUITS ON A PRIVATE COMFORTMENT WHEN HE COMES TO THE HOTEL. HE'LL NEVER KNOW.

## Meyer to Die

(Continued from Page 1)

responsible when his troops killed other prisoners of war at the camp.

YESTERDAY Meyer was acquitted on two other charges—that he was responsible for the killing of his troops of 20 Canadian prisoners near Bern and Auhin in France, and that he ordered his troops to shoot the seven prisoners killed at the camp.

Another charge involving the shooting of seven other Canadian prisoners of war June 17, 1944, was to have been heard today. But when the court adjourned, the court president, Lord Macleod, said that the court would not hear the charge.

The morning was taken up with the hearing of charges against Meyer, including Capt. A. Benwick of Toronto, Meyer's wife and two German army officers.

MEYER HIMSELF addressed the court before it retired.

The case now is in the hands of the court. Meyer can appeal to the Lord of Appeal in Council, but he has not yet decided to do so.

One of the most dramatic moments came near the end of the day's session when Frau Meyer, head-bowed and weeping, took the stand to speak for the husband she had been married to for 11 years and in whom she has borne five children including a two-month-old son.

"I have a very good husband," she said. "I have been happy married. My husband has been a good father to my family."

"I cannot say anything else, just that I am supremely happy with my husband and the children are very much attached to him. They love him and he loves them."

The gradual process by which all the original principles of the revolution were abandoned and the army became a complete auxiliary, is told with extraordinary subtlety.

The sheep are the most numerous of the animals on the farm and are the most important in the propaganda and keeping them in a state of submission.

Their role contribution to the public discipline which take place in the farm is to be used to show the public that the revolution is a success.

The officer told Capt. Benwick that he was suffering from "bad cold" and the sheep are the most numerous of the animals on the farm and are the most important in the propaganda and keeping them in a state of submission.

Their role contribution to the public discipline which take place in the farm is to be used to show the public that the revolution is a success.

## Get Housing

(Continued from Page 1)

to hope to complete other plans for housing of students, a majority of whom are returned war veterans.

Buildings to be made immediately available for housing are 121. The cost of the buildings is estimated at \$10 million.

The 13 barracks blocks will require renovating that will take approximately three months to complete.

Negotiations to obtain buildings at the rate of \$10 million have been started since the war.

The air force quickly agreed to the loan as soon as he received an order from the War Office.

It was then that Col. C. G. Moffat, commanding officer of the 13th Service Division U.S. Army, said that the barracks blocks at the east of the barracks area.

Instructional staffs are moving in immediately to establish this new school of the university.

The "stout" houses are 16 by 10 ft. and equipped with army bunks, heating and electrical fixtures.

THE BARRACK BLOCKS will be used for the university's necessary alterations have been made.

Regulations are now in progress to obtain a large central mess hall for the university.

The Canadian Army is placing their disposal for the barracks blocks.

Successful termination of negotiations was hailed with delight.

### Honor Chaplain

**MILLET.**—A parish gathering held recently at the home of Mr. and Mrs. E. W. Millett welcomed the Rev. Father McQuaid from service overseas. The Rev. Father Donahue and members of St. Norbert's Church parish were in attendance.

### On Furlough

**MILLET.**—Typ. J. Burrows has returned home after three years' service with the Canadian Army overseas. He is spending his furlough at the home of his father, F. Burrows, south of here.

### Visits Daughter

**FERINTOSH.**—Mrs. G. Ringwall spent the holidays at the Highland Park home of her daughter, Mrs. Albert Hanson, together with two other daughters, Mrs. Howard Smith and Mrs. J. B. Ringwall. The following two years saw him wearing blue and white colors.

### Vermilion's Father-Son Combination

BRENTON MACNAB, JUNIOR AND SENIOR

### Sports Roundup

## Mister, Master Macnab Vermilion Skate Aces

Vermilion's entry in the Eastern Alberta Hockey League made up of Vegreville, Lloydminster and Vermilion, may not have a Bobby Carre or a Neil Colville, but it has got some of the other eastern camps can't boast: a father and son combination that's counted in the squad's first string.

**THEY ARE THE FLYING MACNABS** whose name is always heard at all points of the hockey line. Brenton Macnab Sr. is a defence performer with the Vermilionites and is regarded by the local brass as a handy man to have in the nets. Brenton Macnab Jr., who has been kicking the blue-line since he donned his first pair of skates at the age of three years, dispenses his talent on the forward line.

According to fans in the eastern loop, young Macnab "plays a solid team game, avoids grandstanding and uses his head."

**DAD** MACNAB, BORN in March, 1902, broke into hockey in the 1921-22 season as goaltender for the Vermilion high school team. He added many a laurel wreath of puckology to his mantle during three years at Western Canada College, still as a netminder. He returned to Vermilion in 1925, as a defenceman on the town team. The following two years saw him wearing blue and white colors.

Soon afterward, he organized the Vermilion high school team. He added many a laurel wreath of puckology to his mantle during three years at Western Canada College, still as a netminder. He returned to Vermilion in 1925, as a defenceman on the town team. The following two years saw him wearing blue and white colors.

### Threaten Life Of Coast Starlet

**VANCOUVER, Dec. 28.**—(CP)—The life of 11-year-old Jeanne Demers, former resident of Tracadie, N.S., has been threatened by a Hollywood movie producer who has offered her a \$10,000 contract to appear in a picture.

Her mother, Mrs. Albert Demers, police yesterday that she received two threatening telephone calls Wednesday night and another yesterday. She said that each time the person at the other end of the wire threatened her daughter with death if she leaves the city.

**JEANNE, A CURLY** red-haired youngster, recorded her first offer to go to Hollywood in connection with a movie contract.

Mrs. Demers said all telephone threats were from a woman but she believed that they might originate from a man who is trying to

### Canada Mine Stock Sales Said "Racket"

**WASHINGTON, Dec. 28.**—(CP)—Sales of Canadian mining stock in the United States were described yesterday by the Washington Daily News as "the biggest nationwide racket."

In a newspaper story based on a better business bureau warning against various types of swindles which lie in wait for war veterans and others with savings, the News repeated a protest it has made before about Canadian mine stock sales in the United States. It quotes the Securities and Exchange Commission as saying the sales are "a long 4,000-a-week from American suckers."

It says the family into preventing the girl from pursuing a film career.

The parents said that despite the threats, they intend letting Jeanne go to Hollywood.

### McCoy Health Service

Many years ago when I first started teaching the theory of food combinations, the average person knew little about this important subject. However, people are now much more familiar with the fact that proper food combinations have a great deal to do with continued good health, and more and more they are realizing that there is a right way to combine foods.

I believe that the food which most people have the most difficulty in learning how to combine correctly is the class of food known as starches.

Starch, when improperly combined with other foods, is especially likely to ferment, giving rise to large amounts of stomach and intestinal gas. Although people like good health, they have digestive powers, may seem to handle their food, a very healthy combination without very much trouble, patients who have a tendency to digestive disorders and especially those in whom there is a strong tendency to flatulence or excessive gas, will generally find that starches in food combinations with other foods, will become the source of most digestive unhappiness.

All of my study has convinced me that any patient with a digestive disturbance will discover there is a great deal of practical value to be derived from learning how to combine foods properly. An especial benefit will follow the practice of using starches only in correct combinations.

It will thus be seen that the study of food combinations may be made a great source of help to all that large group of patients suffering from digestive troubles. However, the same study is likewise of value to the great army of the well, who will find that proper combination of foods will add to their ease of digestion with the consequence that much less energy will be expended in the digestion of a meal of good combinations than would be the case after a meal made up

of inharmonious combinations. Some good rules to follow in combining your foods are:

**PROTEIN RULE.** Any protein such as meat, may be used with one or more starches vegetables, with the addition of one kind of fruit.

**STARCH RULE.** Any starch, either raw or cooked, may be used with protein meat, or with milk, or with any non-starchy vegetable.

All questions regarding health and diet will be answered. Large stamped, self-addressed envelope must be enclosed. Write on one side of paper only. Letters must not exceed 150 words. Address McCoy Health Service, The McCoy Building, 1131 West 6th Street, Los Angeles, Calif.

Grey and fawn . . . Sizes 6 to 11. Priced at \$1.35 and \$1.95

FRESH MEATS  
Special and Commercial Quality Beef  
Blade Roast, 2 1/2 lbs. per coupon, lb. 19c  
Round Bone Shoulder, 2 1/2 lbs. per coupon, lb. 21c

LAMB  
Legs, Half or whole, 2 1/2 lbs. per coupon, lb. 37c  
Shoulders, Half or whole, 2 1/2 lbs. per coupon, lb. 18c

VEAL  
Rump Roast, 2 lbs. per coupon, lb. 30c  
Shoulder Blade Roast, 2 1/2 lbs. per coupon, lb. 22c  
Rolled Shoulder, 2 1/2 lbs. per coupon, lb. 26c

TURKEY  
Turkey Dressing, 2 1/2 lbs. per coupon, 2 lbs. 35c  
Picked Beef Tongue, lb. 21c

FRUITS & VEGETABLES  
SUNKIST ORANGES, no seeds, size 252, doz. 39c  
Celery, Tender, Crisp, lb. 14c  
Lettuce, Firm Green Heads, each 15c

MIXED NUTS, Fancy Quality, easy to crack, lb. 49c  
Brussels Sprouts, lb. 29c  
Broccoli, lb. 25c

PROVISIONS  
Pork Style PORK SHOULDER, lb. 25c  
Swift's Milano Salami, lb. 75c  
Liver Sausage, lb. 25c

DILL PICKLES, Gallon Jar, \$1.49, lb. 25c  
Swift's Dutch Salami, lb. 35c  
Out of towns customers may order the above items, at prevailing market prices, day of shipment.

styled by Birks

BIRKS diamond engagement rings are designed not merely to catch the eye or to intrigue the imagination, but rather to a tradition of quality. Thus, they represent that fine beauty which is always inherent in true craftsmanship.

The ring sketched is mounted in 14K. natural gold with 18K white gold setting.

Price \$50.00

Birks JEWELLERS

REPUTED JEWELLERS [L.A.B.] AMERICAN BORN HISTORY

SIDE GLANCES

Barbara Armitage Is Yuletide Bride

LAVOY—On Dec. 22 Barbara Armitage, only daughter of Mr. and Mrs. Jack Armitage of Lavo, became the bride of James Kruger, son of Mr. and Mrs. A. Kruger, at a ceremony performed at the home of the bride's parents by the Rev. Hart Castles of Vegreville. Mr. and Mrs. Kruger are both graduates of the University of Alberta.

Vet. Badly Hurt By Souvenir Bomb

MONTREAL, Dec. 28.—(CP)—A discharged soldier, 29-year-old Gerard Lavo, was taken to hospital in serious condition yesterday following the explosion of a two-inch mortar bomb he was carrying in front of his Barre street home, in southwest Montreal. The explosion sent bits of shrapnel crashing through the roof of two army trucks nearby and broke a number of house windows. Valentine Lavo, Gerard's young sister, said her brother had taken the bomb from a store in the rear of his home.

Peanuts can be spun into fibre and woven into cloth that will wear as well as wool.

"Well, you know how much you're making, son—that dress your girl friend has on looks like about two weeks' salary to me!"

STILL on the prowl for that win which would prevent Ken Stewart and his facial shaggy from becoming altogether too intimate, Regina Capitals are in Edmonton for their third senior league appointment at the Arena with the Flyers tonight.

Without a victory in 15 starts, and having just one tie in three for their efforts to date, Capitals can hardly be blamed for believing two points for a single game are long overdue.

Regina has lost four games by a single goal margin—two to Saskatoon Elks and one to Edmonton. Six other losses were by two goals and of these Saskatoon grabbed off four. And this also means, incidentally, that 14 of the Elks' 21 points have been acquired at the expense of Regina.

STILL IN THE NAVY after a three-year stretch, but expecting to be out in the near-future, Ken Stewart is looking in for a few minutes last night. He's a former YNCA basketball player and home for a few days Christmas leave, has seen considerable of the world since he joined up. His boat was in Italian waters while he was riding his Christmas return to work in Regina.

As might be expected, Reg has managed to work in a few more games this winter. He says basketball is quite popular in Kamloops where there is a flourishing civilian league and in addition several service clubs are competing in the area. The Navy quadded had games recently in Vernon and Port Moody.

ED. BRUCHET, of the Lehigh Valley Bridge Seventy-Sevens will be in Edmonton tomorrow night for their return game with Maple Leafs.

East-West Clash

## Winnipeg Monarchs Beat St. Mike's 2-1

WINNIPEG, Dec. 28.—(BUP) Almost 50 minutes of shutout govtending by netminder Jackie Gibson Thursday night brought Winnipeg Monarchs a 2 to 1 triumph over St. Michael's College of Toronto in an east-west exhibition game before a capacity crowd of 500-undred at Winnipeg's Amphitheatre.

After a quick opening by Mike's at the 1:30 mark in the first frame—Gibson turned in a flawless performance in the first half of the game—Winnipeg Monarchs struck back fast in the second period to win the game. The lead was held in the third period as Mike's failed to score in the final 10 minutes of the game.

SHARPSHOOTING Tom Gibson fired the lone St. Mike's marker late in the first half, but was shut out on even terms throughout.

In Quebec League

## Montreal Royals, Now Ahead, But Quebec Aces Moving Up

MONTREAL, Dec. 28.—(BUP) After completing the first half of their Quebec Senior Hockey League schedule, Montreal Royals are still top amateur team in the province but as the season progresses the opposition is getting tougher.

Royals hold a five-game lead atop the QSHL, but Quebec Aces are moving up at a threatening pace. Aces, coached by Dick Cook who led Kirkland Lake to the Allan Cup in 1939, have a good goalkeeper and three well-balanced lines, if somewhat lacking on the defensive side.

Sport experts give them an even chance of overcoming Royals in the playoffs and go from there to their second Allan Cup within three years. Judging by the way they trimmed Royals 5-1 on Montreal last week, there may be something in that.

ONE BIG REASON for Royals' success this year is the play of 19-year-old, cherub-faced Gerry McNeil in their nets. McNeil, who is slated in time to turn pro, and scored goals by Durnham with Montreal Canadiens, has made the difference between victory and defeat in many games.

The highest scoring line in the league is Valleyfield Braves' Gerry McNeil, Tom Fothergill and Jean Tremblay. They have combined 70 scoring points so far while Camouss and Plamondon are the league individual scoring race with 20 goals and 10 assists.

St. John's and St. John's are tied for the top of the league with 10 goals and 10 assists. St. John's is tied for the top of the league with 10 goals and 10 assists.

IN THE PROVINCIAL Hockey League, Paul Haynes' Lacrosse Royals ran away from the schedule to pile up a comfortable lead at the top of the league. The Victrola Tigers and St. Hyacinthe Saints are drawing closer with every game.

## Finish Qualifying Round With Four Straight Victories

# Robertson, McInyre, Unbeaten UCT 'Spiel'

## Brothers Camrose Team-Mates

## Playoff For Main Event Is Underway

Sixteen rinks, two of them still gliding along with unblemished records, were awarded spots in the Blue Ribbon (grand challenge) playoffs in the 13th annual United Commercial Travelers' bursary being played at the Royal Rink at the end of the third draw on Thursday.

Heading the parade were the Lloyd McIntyre and Bert Robertson brothers, both of whom skipped rinks in the four game qualifying round. After winning two straight Wednesday, Robertson knocked over Ed Perry's crew 10-5 and Dave Stuart's 10-7 in games Thursday while McIntyre's quartet was over Ed Perry 10-8 and J. C. McNeill 8-2 to add to their two straight of first day.

OTHERS TO QUALIFY for the grand challenge playdown, which started at 9 o'clock this morning, were Jack Macdonald, George Knapp, Frank Veilleux, Bill Gray and Jerry Rice, all with three wins and just one loss, and Bert Marsden, Ed Perry, and John McNeill.

The remaining rinks: Dunc Stewart, Ferguson, and Macdonald, Pat Rose, Dave Rinehart, J. C. McNeill, Bob Dickson, C. L. Rice, E. J. C. Colton, and James Macdonald, playing off in the Edmonton Motors.

Losses in the first round of the grand challenge go into the British Columbia and Alberta playoffs. The first round of the Edmonton Motors go into the McIntyre event. Some of the rinks are expected to be reached in all events following the first round of the three draws. The day and the finals have been set for a 10 o'clock Saturday.

BILL GRAY'S rink, which had four straight wins, was the victim of McNeill's quartet in one of the biggest upsets of the day. The McNeill four had dropped three in a row before Gray's rink, but they didn't seem to matter and the boys who could do no better than to lose in the Edmonton Motors playoff, stopped Gray rink in winning by the one-sided 11-1.

Of the eight unbeaten rinks on first day, Ed Perry's rink was the biggest "wildcard" dropping out of the game Thursday. Five of them, McIntyre, Kendrick, Gray, Rice and Veilleux, were only defeated once in four games. The "officials" Harry Orr and Ken Cook.

THE A.M. RESULTS: First round: 1. Burnt, 2. Graham, 3. Swartz, 4. Swartz, 5. Swartz, 6. Swartz, 7. Swartz, 8. Swartz, 9. Swartz, 10. Swartz, 11. Swartz, 12. Swartz, 13. Swartz, 14. Swartz, 15. # The ROAD AHEAD

By Capt. HARPER PROWSE, M.L.A.

WITH all the publicity that has been given to the sympathy and preference approach to the employment of veterans there is a most important aspect of this problem which has been overlooked. That is the fact that most veterans don't want jobs merely because people feel sorry for them, but because they believe they are well qualified to give service.

THE OTHER NIGHT I listened to a veteran of this war, who has lost his leg, explaining to some of his comrades, "We don't want jobs because we have preferences. We want jobs because we are prepared to work harder and do a better job than anybody else. We intend to get that kind of a reputation for ourselves. Then we'll have a preference because they will know that we are prepared to give better service than anyone else." And that statement was applauded by everyone within earshot.

I know one businessman who has employed a great number of returned men. They are crack-jacks. It is the way he puts it. He has had one or two that didn't make the grade, but he likes the Continued on Page Sixteen

# Edmonton Bulletin

SECOND SECTION EDMONTON, ALBERTA—FRIDAY, DECEMBER 28, 1935 PAGE NINE

## No Confirmation Poor Crop Areas

Edmonton officials of the Prairie Farm Assistance Act had no confirmation Friday morning that parts of Alberta had been declared "poor failure areas," although they had expected that the announcement would be made soon.

Newspaper reports that 350 Alberta townships were to be divided into three provinces and that some areas, as well as the province of Saskatchewan, had been anticipated since reports from the field men sent out under the terms of the act, have been completed for some time.

The area to Alberta which is included in the south-eastern corner of the province, roughly in the area from Cochrane south to Medicine Hat, and west from there to Hainish, one official said Friday morning. He pointed out, however, that more specific announcement could not be made until the local office is notified through its regular channels.

## The Inquiring Reporter

Deaths and injuries from level crossing accidents continue to take a heavy toll. What is your reaction to the proposed federal plan to spend millions of dollars on the elimination of level crossings all over the Dominion?

AND Spt. Jimmy Neill discussing routine police problems with Sgt. Hamilton "Tiny" Little; Percy Gwynne talking over Legion matters with a group of veterans; Bobby Hunter expressing great satisfaction over a happy Christmas at home; Gladys Ostry telling a friend she's going to start shopping for next Christmas right away and avoid the dreadful rush; Edna Mitchell walking north along 101 street; Reg. T. Rose driving north on 101 street.

**THE ANSWERS**  
M. SALT, bookkeeper: The plan is one of the most sensible yet proposed. When a person stops to think that level crossing and accidents caused result in more deaths annually than a world war, the comparatively small amount required to remedy the situation seems paltry indeed.

GEORGE HOOD, salesman: As a driver I greatly appreciate the plan. There are many level crossings with dangerous approach roads in the country. I marvel there are not more bad accidents.

B. FOLEY, lumberman: The best suggestion I have heard for a long time. With gas and oil rationing ending the next few years will witness the greatest number of automobiles on the roads in Canada's history. Elimination of level crossings is a luxurious first. It's a real necessity.

## Diphtheria Cases Are Under Control

With the transfer to an Edmonton hospital of a patient from her farm home west of Leduc, a mild epidemic of diphtheria in the county, believed to have been brought under control, it was stated Thursday afternoon by Dr. A. Schuchter.

Director of communicable diseases in the department of public health. A public health nurse from the department recently went into the Leduc area where the cases had broken out in a number of farm homes. The epidemic is now reported to be under control.

## City Soldier Handed Out

Sgmn. Bob Cameron Returns to Home

## Nazi Medals by Thousands

One Canadian soldier who doesn't have to take a back seat any longer it comes to handing out medals is Sgmn. Bob Cameron, 11247 124 street, of the Royal Canadian Corps of Signals who returned home to Edmonton from overseas this week.

A TELETYPE operator at the Canadian Press camp in Holland and Germany, Sgmn. Cameron combined with Bill Ross, Canadian Press war correspondent, to give a few thousand German medals to army buddies after a trip to Berlin and a tour through the Reichstag chancellery.

"I wasn't supposed to get into Berlin," Bob said, "but managed to get by on Bill Ross' press pass. During the four-day visit to the German capital they loaded a jeep trailer full of Nazi medals and took them back to the boys in the press camp."

NEARLY ALL the medals were new. Bob said, and there must have been thousands more that we left behind in the cellar there."

Sgmn. Cameron's duties at the camp for all the Canadian war correspondents in the European theatre, and some American and British correspondents. They also sent letters in Polish, French and Dutch for the respective news agencies of those countries.

Cop was sent direct to a receiving center in London on his second trip of 240 words, per minute. During one heavy 24-hour period, he said, a single radio transmitted 34,000 words.

THE SENDING and receiving were powerful, and after transmission was finished each night the men would switch on Canadian short wave stations and listen to dance music from home.

During the non-transmission period the radio was their only entertainment. Bob laughed. However, he had no interest in the German girls. Married while over in a Scottish girl, he now waiting for her to join him in Edmonton.

Born in Edmonton and a graduate of McDougall school, the youthful fier enlisted in October, 1943, winning his wing at McDougall. He served overseas for 10 months after a further course of training at Three Rivers, Ont.

Before enlisting, he was employed in the administrative staff of Northern Alberta Railways here. His father was discharged from the RCAF last October, after five years' service as a bandman.

The body is being returned to Edmonton for burial. Andrews-McLaughlin, funeral directors, have charge of arrangements. It is expected that a military funeral will be held Monday.

## Santa Claus Visits City Rotary Club

After the busiest season he has had since the beginning of the year, Santa Claus stopped off in Edmonton Thursday on his return journey to the North Pole. He was an active guest at the Rotarian annual zone and daughters' party held in the Macdonald hotel. The jovial, bewhiskered old gent was made welcome by Rotarian Bill Freeman.

THREE HUNDRED and forty-eight persons attended the gay festive affair, which was presided over by the Rotarian members. From the large dining room, which was decorated with a colorful Christmas tree, a band of music was furnished by a group of twelve were reminiscent of a monster flower garden.

The variety entertainment program was arranged by Rotarian W. H. Wilson and consisted of tap dances, vocal solos and an exhibition of magic by Frank Herman, a former sergeant with the Canadian army and now a resident of Edmonton.

ROTARIAN W. F. WILSON had scarcely finished announcing the welcome to Santa Claus and his young ones were invited to the afternoon show when Santa burst into the dining room, amid roars of laughter, the jingle of bells and general commotion.

Somewhere a dog was barking, but was soon silenced when he realized that Santa was just a harmless old man.

While Santa Claus wandered throughout the dining room, the Rotarians, Master of Ceremony, Wilson, began handing out attractively-wrapped special gifts to the junior citizens, who were called to the front to receive their parcels.

THE ENTERTAINMENT program consisted of a juvenile and junior talent of a high caliber. Ten-year-old Margaret Malone, accompanied at the piano by her mother, Mrs. T. Malone, opened with a swing, modern vocal solo on "Little Bo-Boo," which she interspersed with skillful tap dancing.

Almost small enough to walk under a chair without stooping, little five-year-old "Bunny" Fisher performed a rhythmic tap that evoked roars of applause from the audience.

Another act was put on by David and Garry Fowler, two juniors who did a novelty tap to the tune of "Jingle Bells."

LILLIAN CHOMLAK, a Junior Miss, pleased with a recitation of "One Day When We Were Young," accompanied by the piano by Mrs. A. J. Chomlak.

"Walter the Walrus" again brought forth roars of applause as he dug into an inverted opera hat for a card selected by an assistant and handed to his master, Frank Herman the magician. His antics had both juniors and adults in hoofs of laughter.

MR. HERMAN performed many other mystifying turns from a large and varied repertoire. He presented two youthful assistants with live rabbits in appreciation of their services and good sportsmanship.

President Gordon Henry expressed thanks of the committee to the entertainers and to the committee which had arranged the program, extending hearty New Year wishes from Rotary to all present.

It was a memorable occasion for the adults as well as the young ones, many of whom left, accompanied by their parents, to enjoy the afternoon show at the Capitol.

DOGS DO NOT UNDERSTAND WORDS SPOKEN TO THEM

One of the most interesting studies of what goes on inside a dog's brain was published by F. J. J. Bayndig under the title, "The Mind of the Dog." The author states that dogs, like young children, do not understand words spoken to them, but do understand and react to the stress or pitch of the words. It does not matter whether you speak English, French or Chinese, just as long as you use the same tone and stress the voice is saying it. In fact, you can use the same word to mean dozens of different things to a dog just by changing the way it is said.

# Why Grow Old?

By the tricky use of eyebrow pencil, you can make your eyes look farther apart or closer together. Actress Joan Winfield shows you how to proceed above.

DON'T SQUINT

Q. "I AM WORRIED about my eyes. I am only 21 and already I am squinting. What can I do for the eyes already there and also to keep them from coming?"

A. These small lines may come from a dry skin, from eye strain or from the fact that you are squinting or from being in the bright light without the protection of colored glasses. Put an eye cream about the eyes each night before retiring. Also use a milk emulsion under your makeup.

Q. "WHAT IS A becoming hair style for a person with a long face?"

A. Keep it flat on top and build it out softly at the sides. Bangs often are becoming to this type. Q. "What causes bunions? Should I see a chiropodist?"

A. Weak arches can cause them. The use of ill-fitting shoes may also lead to it. Yes, see a chiropodist.

Q. "I would be very glad if you could give me any suggestions about how to stop itching. I have had this uncontrollable habit for years."

A. You really are not overeating for your age. It may be that you are eating too much of the wrong kind of food. Try to eat more of the right kind of food. Try to eat more of the right kind of food.

Q. "I am 14 five feet tall and weigh 110 pounds. I am a 50-lb. boy. I think I am fat."

A. You really are not overweight for your age. It may be that you are eating too much of the wrong kind of food. Try to eat more of the right kind of food. Try to eat more of the right kind of food.

Q. "How can I get rid of a pendulous nose?"

A. It is a truly pendulous nose. Plastic surgery is the only way I know.

Q. "My BUST is too large. I

know."

A. If it is a truly pendulous nose. Plastic surgery is the only way I know.

Q. "I am 14 five feet tall and weigh 110 pounds. I am a 50-lb. boy. I think I am fat."

# Your Baby And Mine

By MYRTLE MEYER ELROD

Because of the home desire to be certain to receive a bit of extra money for some relatives find it easier to give checks than presents. How will this money fit into the children's allowances and will they feel it their privilege to throw it around foolishly, because, as they assert, "It is mine?"

IN VIEW OF the contention that a good allowance is one which remains the same week after week and so can be planned for and planned on, it is unwise to add this money to the allowance. It is just as unwise to extract money from the allowance to pay for the child's misbehavior, both throw the allowance out of balance so that it is no longer predictable.

The gift money may have been given with some strings attached, as to say that it must be used to make a down payment on a musical instrument or buy some needed garment, in which case it is only right that it should be used that way just as if the giver had made the purchases herself.

IF THERE ARE NO such strings, the child which this money will gratify, then the money should be put away to be used judiciously as the occasion arises. Or, it may be used to buy books or stamps, or to give to some charity account. If the gift money is mostly useful for savings, as it will be made if the child is satisfied and his allowance has been suggested to do so. If he prefers to use this money to buy stamps at Christmas, or throughout the year for holidays, or if he should be earmarked for those purposes.

THESE WOULD BE little value in the discussion were it not that each year parents worry about how they shall manage the money that comes in, without indulging the child unwisely. It is not the purpose of relatives to give money to be thrown away, just because the child might make it plain before the money arrives, just what shall be done with it. There are no arguments and pleadings and scoldings to take all the pleasure from it.

Our letter No. 76, "Allowances for Children," may be had by sending a stamped, self-addressed envelope with this request to Myrtle Meyer Elrod in care of this newspaper.

With this ritual embroidery you can make all your towels, scarves, pillow cases into places of lasting beauty. Its enjoyable, handwork.

Use natural fiber colors for this simple kitchen—use your lines take on new tone. Pattern 717 has 16 motifs averaging 4 1/2 x 1 1/2 in.

Send 20c in coin for this pattern (stamps cannot be accepted) to The Edmonton Bulletin, Household Arts Dept., 40 Front Street W., Toronto 1-A, Ont. Print plainly name, address, pattern number. Please allow a week or ten days for delivery.

Minute Make-Ups

Here are a few beauty tips for you to paste into your beauty notebook. A touch of rouge makes the long nose look "less long." A too-large nose is less "nosey" if you use a dark powder on the sides of the nose and blend your skin tone shade down the center. Bright carmine makes the too-narrow face look less narrow.

Under French law 13th century butchers could deal in one type of meat only and could sell only "under natural light." Sales by candle light or lamp were taboo.

**Charming Handiwork**

By ALICE BROOKS

Winnipeg, Dec. 28.—(CP)—Armand Proulx, 17-year-old Winnipeg youth who was scheduled to have been hanged Saturday morning for the knife-slitting last July of Barbara Smith of nearby St. Boniface, has had his death sentence commuted to life imprisonment.

The order saving Proulx from the gallows was received here yesterday by D. C. M. Kelly, sheriff of the eastern industrial district of Manitoba, in a wire from the under-secretary of justice at Ottawa.

Proulx was later removed from Headingley jail where he had been confined and committed last Oct. 18 to Stony Mountain penitentiary. Sheriff Kelly reported that the mentally-disturbed youth received news of his reprieve calmly.

The synonym for prison is spelled two different ways in England and in America. In England, jail. In America, jail. It is pronounced the same way in both countries.

## Manitoba Troops Are Voting Today For Three MLA's

WINNIPEG, Dec. 28. — (CP) — Manitoba servicemen will start balloting today to elect three members to represent the armed forces in the provincial legislature. Provision for the election of three servicemen's representatives was made at the last session of the assembly and will increase its membership to 38.

Polls will be held in four constituencies — St. George, Lakeside,

Beautiful Plains, and Ebbeltood, saying by servicemen out of the country. Balloting will continue until Jan. 11. Voting in the other communities will start next week.

## Varsity Students Warned on Division

MONTREAL, Dec. 28.—(CP)—V. C. McVean, one of two delegates representing the University of Quebec at Lennoxville, Que., at the first national conference of Canadian university students, said yesterday that university students should not divide into veterans and non-veterans groups and would produce "an undesirable situation."

**HIMSELF A VETERAN,** Mr. McVean said "veterans are not veterans apart from others. They are students, and they should be proud to be so." If you divide into veterans and non-veterans, cliques are established and there is a division on the campus, he said, "an undesirable situation."

**Jack L. Pye**, McGill delegate and conference chairman, said the wheels are just starting to revolve and

ments will be made until Saturday. One of the main subjects to be discussed, he added, would be the revival of exchange scholarships, students' plans and exchange of university "parliament" views.

### School Damaged

Slight damage was caused by a fire in the basement of the Normal school here Thursday morning. The blaze started in a room that was being painted and decorated when some tins ignited, Firemen, under the direction of Deputy Fire Chief Ferguson, quickly brought the blaze under control.
